

Cyclolab

a cyclodextrin R&D company

Special offer

valid from 1st May, 2017

Dear Customer,

Below, you can find a few selected products that we offer you with a special discount for a limited amount of time. These are unique opportunities for products not presented in the regular catalogue or on the website. As you can see, the list includes single isomer derivatives, randomly substituted ones with special degree of substitution as well as polymers and synthesis intermediates/starting materials for further modification.

For updates, news and also to process orders, please visit www.cyclolab.hu. For any questions, you can always write to us at info@cyclolab.hu.

Kind regards, Cyclolab Team
